

# PROJECT #3: STILL LIFE (Complex Objects) IN VALUE

## 1st stage: Organizational drawing

- Composition: 4-5 objects from still life
  - Utilizing whole picture plane
  - Varying surfaces
  - Large range of value
- Structure, scale and placement of objects through measuring and sight lines
- Light mapping of major values showing direction of shadows

**Organizational Line drawing due: Tuesday, Feb 25th**

## 2nd stage: Surface description through manipulation of value

- Demonstrating surface description through the manipulation of value, using charcoal or graphite
  - Clear sense of light source (direction of shadows and corresponding values)
  - Remember - everything is relational!

**Due: Tuesday, March 11th**
