

# PROJECT #1: LINE DRAWING OF CHAIRS

## 1st stage: Organizational drawing

- Structure and placement using sightlines and measuring (utilizing a unit of measurement and alignment lines to work out the relationship between forms)
- Composition: at least 2 full chairs + contents inside your picture plane. Find a balance between positive and negative shapes to create a satisfying figure/ground relationship.

**Thumbnails: Due next class, January 17th**

**Organizational Line drawing due: Tuesday, Jan 21st**

## 2nd stage: Contour line drawing

- Leaving some light pentimento of organizational work is ok to show process
  - Focus on line quality to define edges using various pencils. (no shading yet!) No rulers.
- Atmospheric space indicated through line variance.

**Due: Friday, January 24th**
